PROFESSIONAL SUMMARY

Product Designer with 2+ years of experience delivering SaaS, web, and digital products for international clients. Leads end-to-end design, from user research and UX strategy to prototyping, design systems, usability testing, and developer handoff.

WORK EXPERIENCE

Emblix Solutions

Oct 2025–Dec 2025

UI/UX Designer (Contract)

- Designed 20+ responsive websites and 5+ SaaS products for international clients.
- Created product flows, prototypes, and design systems; validated solutions through usability and A/B testing, and documented designs for Agile delivery.

Hobby Ghar

Nov 2024–Nov 2025

Product Design Lead

- Led website and application design and established a shared design system.
- Used Maze and Mixpanel to test solutions and analyse behaviour; collaborated with developers and junior designers on user flows, design reviews, and handoff.

Brihat Infotech

Jul 2024–Sep 2024

Lead Designer

- Led design of the Vritika astrology platform, covering information architecture, responsive UI, branding, wireframes, prototypes, and design documentation.

ADM Education & Welfare Society

May 2024–Jul 2024

Product Designer

- Designed healthcare app interfaces, user flows, wireframes, and responsive prototypes, with a focus on usability and accessibility; supported usability testing.

Spillmate

Jul 2023–Apr 2024

Product Design Lead

- Owned product design decisions from strategy and research through storyboarding, user flows, responsive UI, prototyping, and developer handoff.
- Built a scalable design system and conducted user research, usability testing, and A/B testing; collaborated with stakeholders and developers to deliver designs.

PROJECTS

Echo — AI system in development for planning across services, delegating tasks, requesting approvals, and returning evidence; includes a lifetime learning module.

Spine — AI design audit framework in development, applying product design principles to explain usability issues, their consequences, and potential improvements.

Podcast — Personal podcast app designed from research to high-fidelity screens, focused on thematic consistency and user engagement.

EDUCATION

University of Hertfordshire, UK — Master's in Computer Science | Expected Jan 2028

Manav Rachna University, India — Bachelor's in Computer Science | Dec 2025
